Hearing Device Care Instructions

Your devices are an investment, please follow these simple care instructions at home.

Which ear?

RED is for the RIGHT ear

BLUE is for the LEFT ear

How do I turn my devices ON and OFF?

Removing your devices from the charger will automatically switch them ON.

Placing your devices correctly in the charger will automatically switch them OFF.

How do I turn my devices ON and OFF without the charger?

To turn ON → Push button for 5 seconds and you will hear a start up jingle.

To turn OFF → Push button for 5 seconds.

How do I clean my hearing devices?

Wipe the part that goes into your ear canal **daily** with a tissue or the cleaning cloth provided. Once a month **disinfect your hearing device case** that has been supplied. You can do this with alcohol swabs or any other cleaning spray. This will ensure you do not infect your ears.

Are my devices waterproof?

NO! Your devices are splashproof. If you accidentally get them wet, leave them overnight in the charger to dry out.

****DO NOT****
wear them swimming or in the shower.

Why is there no sound coming out, is my device dead?

Place your device on the charger to see if it requires charging. If it does have charge and there is still no sound coming out of your device - it is probably because of ear wax. Ears are a naturally moist and waxy environment. The part that goes into your ear can easily get blocked preventing sound coming out.

Clean your devices every day with a tissue, or the cloth and brush provided.
